PRODUCT MAINTENANCE:

Aluminum:

1. Regularly dust surface with damp cloth.
2. Wash with a soft cloth and warm soapy water.
3. Always dry with a lint free cloth.

DO NOT: Use abrasive pads, brushes, or cleaners like steel wool, as it will scratch the surface.

DO NOT: Use powder, concentrated detergents, or silicone-based furniture polishes.

NOTE: Cast aluminum components in furniture will oxidize near salt water: the performance of the item is unaffected, simply clean with soapy water and polish with aluminum polish.
